**QUESTION 55**

Refer to the exhibit.

The screenshot shows the vSphere DRS Rules configuration interface. On the left is a navigation pane with categories like Services, Virtual SAN, Configuration, and DRS Rules. The main area displays a list of DRS Rules:

Name	Type	Enabled	Conflicts	Defined...
SMRule	Separate Virtual Machines	Yes	0	User
MSCRule	Run VMs on Hosts	Yes	0	User
CMRule	Separate Virtual Machines	Yes	0	User

Below the list is the "DRS Rule Details" section for the selected SMRule. It states: "The listed 2 Virtual Machines must run on different hosts." Below this is a table of Rule Members:

Rule Members	Conflicts
SC-Avaya Aura Session Ma...	0
SC-Avaya Aura Session Ma...	0

To the right of the Rule Members table is a "Conflicts" table, which is currently empty.

What is the purpose of the "SMRule" DRS rule that states the two Avaya Aura® Session Managers must run off different ESXi hosts?

- A. To improve the latency of DRS load-balancing
- B. To prevent a single ESXi host from being overloaded with SIP traffic
- C. To preserve seamless failover/recovery across primary and secondary Session Managers
- D. To reduce the memory and CPU load on a single ESXi host

**Correct Answer: C**

**QUESTION 56**

Using VMware networking in ACP 4200, how are Virtual NICs mapped to physical NICs?

- A. Via DRS rules
- B. On a 1-to-1 basis
- C. Via Virtual Switches and Port Groups
- D. Via the VNIIC mapping tables

**Correct Answer: D**

**QUESTION 57** Which statement about all hosts in the cluster describes a system requirement for VMware vMotion in ACP 4200?

- A. They must be the same server type.
- B. They must have matching Memory capacity.
- C. They must have matching CPU types.
- D. They must have matching VMware network settings.

**Correct Answer: C**

**QUESTION 58**

Refer to the exhibit.

**Performance Chart Legend**

Key	Object	Measurement	Rollup	Units	Latest	Maximum	Minimum	Average
■	AVAYA SMGR 7.0 POS Tea...	Usage	Average	Percent	1.45	2.48	1.3	1,594
■	1	Usage in MHz	Average	MHz	30	71	16	38,397
■	AVAYA SMGR 7.0 POS Tea...	Usage in MHz	Average	MHz	151	257	135	156,509
■	0	Usage in MHz	Average	MHz	40	78	21	40,844
■	3	Usage in MHz	Average	MHz	38	77	19	38,335
■	2	Usage in MHz	Average	MHz	35	71	22	39,285

Why is the usage measurement of CPU2 (in Purple) shown in the chart highlighted in the table?

- A. Because the CPU2 has been nominated as the primary CPU in this Virtual Machine.
- B. Because the CPU2 has been highlighted with an active alarm.
- C. Because the CPU2 usage is closest to the average usage of all the CPUs.
- D. Because the CPU2 has been selected in the table under the chart.

**Correct Answer:** D

**QUESTION 59** Which two are valid levels of VMware performance monitoring?  
(Choose two.)

- A. Visualization Performance and Fault Manager (VPFM)
- B. Virtual Machine (VM)
- C. Data Center (DC)
- D. Host

**Correct Answer:** BD

**QUESTION 60** Why does enabling VMware Enhanced vMotion Compatibility (EVC) prevent vMotion migrations from failing?

- A. Because of incompatible DRS rules across the cluster
- B. Because of incompatible HA rules across the cluster
- C. Because of insufficient memory across the cluster
- D. Because of incompatible CPUs across the cluster

**Correct Answer:** D

**QUESTION 61** The customer's networking team is considering connectivity options to the ACP 4200.

For which customers would an ACP 4200 Layer 2-only networking topology be deployed, and why?

- A. Customers who have a Layer 2 Data Center. The ACP will provide Layer 3 routing for the customer.
- B. Customers who wish to retain existing VLANs, subnets, and IP subnets. The ACP will extend VLANs out to the Data Center routers which will provide Layer 3 routing.
- C. Customers who do not use Dynamic routing protocols. The ACP will use static routes for connectivity to the Data Center.
- D. Customers who wish to upgrade their Data Center to Fabric Connect. The ACP will use Fabric Extend to integrate with the customer's Data Center switches.

**Correct Answer:** D

**QUESTION 62** When a Layer 2-only networking topology is deployed, what is the behavior of the ACP 4200?

- A. It will support only a single management VLAN.
- B. It will extend VLANs out to the Data Center routers which will provide Layer 3 routing.
- C. It will support only a single application VLAN.
- D. It will have 802.1Q tagging enabled on all ports of the VSP switches.

**Correct Answer: B**

**QUESTION 63**

Refer to the exhibit.

What does the IP address 10.1.1.1 represent?

- A. The IP address of the EMC storage

- B. The SMLT IP address of the two VSP 7200 switches
- C. The Virtual IST IP address of the two VSP 7200 switches
- D. The VRRP IP address of the two VSP 7200 switches

**Correct Answer:** D

**QUESTION 64** Which statement describes a feature of VMware HA?

- A. It adds VPFM as a SNMP management server.
- B. It detects host failures and starts applications on other hosts in the cluster.
- C. It monitors the memory and CPU load on the host servers and balances them by moving VMs between the hosts.
- D. It moves a running VM from one host to another.

**Correct Answer:** B

# SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version** is up to date and contains actual questions and answers.*

*Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:*

**Actual Exam Questions:** *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

**Exam Dumps:** *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

**Practice Tests:** *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

**Guaranteed Success:** *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

**Updated Content:** *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

**Technical Support:** *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
