QUESTION: 108

Which two statements describe the purpose of an action code (ACC) on the VSP?
(Choose two.)

- A. It provides a link to the Work ID.
- B. It contains the SIM message.
- C. It contains the part location.
- D. It provides detailed error information.

Answer: A, C

QUESTION: 109

You have just installed Hitachi Dynamic Link Manager (HDLM) on a Sun Solaris server. What is the purpose of running the "dlnkmgr view -sys" command?

- A. It displays the configuration.
- B. It displays the primary path.
- C. It displays the alternate path.
- D. It configures the alternate path.

Answer: A

QUESTION: 110

A VSP customer is attaching new SUSE Linux servers to their SAN. What are two configuration requirements? (Choose two.)

- A. The queue depth per VSP LUN must not exceed 32.
- B. The queue depth per VSP LUN must be at least 8.
- C. The queue depth per VSP port must not exceed 2048.
- D. The queue depth per VSP port must not exceed 1024.

Answer: A, C

QUESTION: 111

Which two products can be used to monitor the Hitachi Dynamic Provisioning (HDP) Pool capacity on a VSP? (Choose two.)

- A. Device Manager
- B. Storage Navigator
- C. Provisioning Manager

D. Replication Manager

Answer: A, B

QUESTION: 112

A customer is using an AMS 2300 system as external storage behind a VSP. They are reworking the power distribution and need to power down both storage systems. What is the correct sequence of actions?

- A. Stop the host I/O > power off the VSP > power off the AMS 2300.
- B. Stop the host I/O > power off the AMS 2300 > power off the VSP.
- C. Perform a path disconnect to the AMS 2300 > stop the host I/O > power off the AMS 2300 > power off the VSP.
- D. Stop the host I/O > perform a path disconnect to the AMS 2300 > allow the storage systems to go to battery backup mode when the power is disconnected.

Answer: A

QUESTION: 113

What are two valid locations for the Dynamic Mapping table of Dynamic Provisioning? (Choose two.)

- A. in flash memory
- B. in one of the pool volumes
- C. in cache memory
- D. in shared memory

Answer: B, D

QUESTION: 114

Which three steps should be performed during a new VSP installation? (Choose three.)

- A. Install HiTrack Monitor on a customer server and configure it.
- B. Set the battery date for each battery.
- C. Install all SSVP jumpers.
- D. Connect the CE laptop to the Console LAN connection port on the SVP.
- E. Dump the final configuration and upload it to TUF.

Answer: B, D, E

QUESTION: 115

You are installing a VSP with 2 DKCs. Which component makes up the interconnection for data paths?

- A. SVP
- B. DKA
- C. VSD
- D. ESW

Answer: D

QUESTION: 116

You have replaced a part on a VSP. What are three mandatory steps to complete your maintenance task? (Choose three.)

- A. Complete the "Last maintenance" form inside the DKC door.
- B. Complete the corresponding SIM(s).
- C. Reboot the SVP to renew the configuration.
- D. Check the maintenance screen for any blinking parts.
- E. Set the SVP application back to View Mode.

Answer: B, D, E

QUESTION: 117

The SVP has failed on a VSP and you have ordered a replacement. Which functionality is still available while waiting for the new SVP to arrive on site?

- A. Configuration changes can be made using raidcom commands.
- B. Hitrack can continue monitoring the VSP and report errors.
- C. Configuration changes can be made using HiCommand CLI.
- D. ShadowImage pairs can be managed with RAID Manager/CCI.

Answer: D

QUESTION: 118

Why will a server in an environment using persistent binding maintain a constant view of its target IDs when rebooted?

- A. Because persistent binding retains the target ID information.
- B. Because the storage LUN Management Service will manage the target IDs.
- C. Because the driver software remaps the SCSI target IDs to the new WWNNs automatically.
- D. Because persistent binding will connect to the LUN Manager and provide the target IDs.

Answer: A

QUESTION: 119

Which two operations are supported by the Tiered Storage Manager GUI? (Choose two.)

- A. initiate an automatic migration based on performance bottlenecks
- B. migrate an external volume to a pool
- C. migrate a TrueCopy P-Vol in status PAIR
- D. migrate a Journal Volume of Universal Replicator

Answer: B, C

QUESTION: 120

What is the benefit of installing an additional pair of disk adapters (DKA) on a VSP?

- A. It increases the total number of disk drives that can be installed.
- B. It allows intermix of 2,5" and 3,5" disk drives.
- C. It increases throughput on the existing SAS links.
- D. It increases the number of SAS links.

Answer: D

Killexams.com is a leading online platform specializing in high-quality certification exam preparation. Offering a robust suite of tools, including MCQs, practice tests, and advanced test engines, Killexams.com empowers candidates to excel in their certification exams. Discover the key features that make Killexams.com the go-to choice for exam success.

Exam Questions:

Killexams.com provides exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these questions, candidates can familiarize themselves with the content and format of the real exam.

Exam MCQs:

Killexams.com offers exam MCQs in PDF format. These questions contain a comprehensive collection of questions and answers that cover the exam topics. By using these MCQs, candidate can enhance their knowledge and improve their chances of success in the certification exam.

Practice Test:

Killexams.com provides practice test through their desktop test engine and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice test cover a wide range of questions and enable candidates to identify their strengths and weaknesses.

Guaranteed Success:

Killexams.com offers a success guarantee with the exam MCQs. Killexams claim that by using this materials, candidates will pass their exams on the first attempt or they will get refund for the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exam.

Updated Contents:

Killexams.com regularly updates its question bank of MCQs to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.
